

**A statement of the offices licensed to practice the accounting and auditing profession in accordance with the Accounting and Auditing Profession System issued by Royal Decree No. (M/59) dated 07/27/1442 AH**

The statement is updated periodically. This list does not mean the continuation of the license status until the required service is completed, so we urge clients, before engaging with the chartered accountant, to ask him to disclose any circumstance or procedure\* that may prevent the completion of the audit process or the agreed-upon service
